

NEWS RELEASE FOR IMMEDIATE RELEASE

Intuitive Research and Technology Corporation Welcomes Dr. Albert K. Killen as Senior Vice President

HUNTSVILLE, AL – July 13, 2009 – Intuitive Research and Technology Corporation (*INTUITIVE*) is pleased to announce that Dr. Albert K. Killen has joined the *INTUITIVE* team as Senior Vice President and Chief Technology Officer. Dr. Killen will oversee technical staff responsible for design, engineering, integration and test of military and commercial products and systems. His responsibilities include the development of strategies and business planning for technology and systems required to maintain company operations and competitiveness to include *INTUITIVE*'s Internal Research and Development, Intellectual Property and Creativity Incentive Programs.

Prior to his corporate career, Dr. Killen dedicated more than 19 years to civil service, retiring as assistant Deputy Director for the Weapons Sciences Directorate at the Army's Aviation and Missile Command, where he was responsible for implementing and executing the basic and applied research in the physical and engineering sciences for the Aviation and Missile Research Development and Engineering Center at Redstone Arsenal. He was also the Director of the Unmanned Systems Initiative at the Research Center where he had direct responsibility for the investigation, development and evaluation of technologies to be inserted into unmanned platforms for both aerial and ground vehicles.

Dr. Killen received a Bachelors, Masters, and PhD in Aerospace Engineering from Mississippi State University in 1983, 1984, and 1994, respectively, and also a Masters in Business Administration from the Massachusetts Institute of Technology in 1999.

Intuitive Research and Technology Corporation (*INTUITIVE*), a certified 8(a) Company and Small and Disadvantaged Business, supplies a wide range of services including programmatic support, systems engineering, product development, production systems support, rapid prototyping, and technology management solutions to the Department of Defense, government agencies, and commercial companies.
