

## **NEWS RELEASE FOR IMMEDIATE RELEASE**

### **Intuitive Research and Technology Corporation's Engineer Receives Honorable Recognition**

**HUNTSVILLE, AL – October 8, 2009** – Intuitive Research and Technology Corporation (*INTUITIVE*) is proud to announce that one of its young engineers has been recognized by Eta Kappa NU, a national Electrical and Computer Engineering Honor Society, as one of the top three electrical engineering students in the nation. Tori Ratliff Simms was congratulated by Eta Kappa Nu with an Honorable Mention for the 2008-2009 Academic Year. Final evaluations and selections for this award were made by a panel of nationally recognized ECE professionals and educators.

Simms recently started working for *INTUITIVE* as a full time engineer after serving as a co-op during her final years at Missouri University of Science and Technology. She has shown exceptional dedication and performance, as seen with her admirable recognition. *INTUITIVE* is looking forward to her contributions as part of their team.

**Intuitive Research and Technology Corporation** (*INTUITIVE*), a certified 8(a) Company and Small and Disadvantaged Business, supplies a wide range of services including programmatic support, systems engineering, product development, production systems support, rapid prototyping, and technology management solutions to the Department of Defense, government agencies, and commercial companies.
