Intuitive Research and Technology Corporation Employee Presents at PHMTech09

HUNTSVILLE, AL – February 16, 2009 – Charley Fulks, a Senior Engineer with Intuitive Research and Technology Corporation (*INTUITIVE*), was chosen to present at the recent PHMTech09 Workshop. Charley presented the topic “Data Compression by Frequency Band Acquisition” to a group of over 125 attendees on February 12, 2009 at the Embassy Suites in downtown Huntsville.

The PHMTech09 workshop was cosponsored by the US Army Research Development Engineering Command (RDECOM) Mobility & Logistics (M/L) Technology Focus Team (TFT) and the Aviation Missile Research Development Engineering Center (AMRDEC) Diagnostic and Prognostic Center of Excellence (DP-COE).

Intuitive Research and Technology Corporation (*INTUITIVE*), a certified 8(a) Company and Small and Disadvantaged Business, provides a myriad of services in programmatic support, systems engineering, product development, production systems support, rapid prototyping, and technology management solutions to the Department of Defense, government agencies, and commercial companies.
