

FOR IMMEDIATE RELEASE**Intuitive Research and Technology Corporation Honored on the Great Place to Work® Rankings: 2010 Best Small & Medium Workplaces Presented by Entrepreneur®**

HUNTSVILLE, AL – September 2010 – Intuitive Research and Technology Corporation (*INTUITIVE*) ranked #6 on The 7th Annual Great Place to Work® Rankings: 2010 Best Small & Medium Workplaces Presented by Entrepreneur®. The list represents the best Workplaces separated into two categories: small companies with 50-250 employees and medium companies with 251-999 employees. *INTUITIVE* was selected by the Great Place to Work® Institute through a process that includes a survey of *INTUITIVE*'s employees based on the Trust Index® and a completed a questionnaire by *INTUITIVE* about programs and company practices. The Great Place to Work® Institute evaluated the company based on five areas: credibility, respect, fairness, pride and camaraderie. The Institute's unique methodology measures the level of trust that exists between employees and management, the pride employees express about the company and the camaraderie employees share.

"Our company culture of "Excellence is in our Nature" is built around mutual trust and empowerment in our employees. Our commitment to upholding these values has provided our company with a reputation of always standing above the rest," says *INTUITIVE*'s CEO, Rey Almodovar.

INTUITIVE's President, Harold Brewer states, "*INTUITIVE*'s underlying framework is valuing employees and their quality of service. Our unique benefits package, open door management structure, approach to internal reassignment and employee health focus creates the foundation for our 'best company' work culture."

Intuitive Research and Technology Corporation (*INTUITIVE*), a Small and Disadvantaged Business, supplies a wide range of services including programmatic support, systems engineering, product development, production systems support, rapid prototyping, and technology management solutions to the Department of Defense, government agencies, and commercial companies.
