

FOR IMMEDIATE RELEASE

***INTUITIVE* Ranks #4 on Top 25 8(a) Contractors List**

HUNTSVILLE, AL – November 2010 – Intuitive Research and Technology Corporation (*INTUITIVE*) is pleased to announce its recent ranking of #4 on Washington Technology's Top 25 8(a) Contractor list. This list recognizes some of the most successful small businesses in the nation according to their prime contracting revenue in 2009.

Washington Technology is a publication that provides an in-depth look at government programs technologies and spending priorities, as well as management issues, case studies M&A, and trends that impact the contractor community market. The Top 25 8(a) list was compiled by the market research firm FedSources, a leading government market intelligence firm.

INTUITIVE is paving the way as a leader in providing services to the government market. With its title as the 2009 Small Business Administration National Prime Contractor of the Year, as well as being awarded the prime on several large government task orders, the Company is looking forward to continuing its reputation as providing outstanding services to its customers.

Intuitive Research and Technology Corporation (*INTUITIVE*), a Small and Disadvantaged Business, supplies a wide range of services including programmatic support, systems engineering, product development, production systems support, rapid prototyping, and technology management solutions to the Department of Defense, government agencies, and commercial companies.
