

## FOR IMMEDIATE RELEASE

### ***INTUITIVE* Selected as Prime Contractor on \$30 Million Contract Award to Support Aviation and Missile Command Managed Weapon Systems**

**HUNTSVILLE, AL – May 2010** – Intuitive Research and Technology Corporation (*INTUITIVE*) has been awarded a five-year, indefinite-delivery, indefinite-quantity task order contract with the U.S. Army Aviation and Missile Research Development Engineering Center (AMRDEC) valued at \$30 million, with the exercise of four options, to provide technical data management support services. Teamed with *INTUITIVE* on the task order are Stanley Associates and TecMasters, Inc.

*INTUITIVE* is proud to support the warfighter through innovative technical data management services. *INTUITIVE*'s President, Hal Brewer, states, "We look forward to providing quality services and adding our expert abilities to the mission."

AMRDEC is the Army's focal point for providing research, development and engineering technology and services for aviation and missile platforms across the lifecycle. The *INTUITIVE* Team will provide configuration and data management, status accounting and standardization support for the Aviation and Missile Command managed weapon systems and their components. The work will take place in Huntsville, Ala.

**Intuitive Research and Technology Corporation** (*INTUITIVE*), a certified 8(a) Company and Small and Disadvantaged Business, supplies a wide range of services including programmatic support, systems engineering, product development, production systems support, rapid prototyping, and technology management solutions to the Department of Defense, government agencies, and commercial companies.
